UCH Wiki Syntax

Macros

| Macro | Description |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ~~CLEARFIX~~ | Clear the float |
| ~~PAGEBREAK~~ | Add a page break |
| ~~NOTOC~~ | If this macro is found on the page, no table of contents will be created |
| ~~NOCACHE~~ | Wiki caches all output by default. Sometimes this might not be wanted (eg. when the <php> syntax above is used), adding this macro will force Wiki to re-render a page on every call |

Page header

```
<page-header>
===== Example page header =====
</page-header>
```
